MORE INFORMED BUSINESS DECISIONS

Automatically capture all costs including labour. Build a data base with which to make better business decisions.

FASTER, MORE ACCURATE QUOTES

Fast and accurate access to previous job histories facilitates accurate quoting.

EFFICIENT JOB SCHEDULING

Real time data about labour hours identifies potential bottlenecks and blowouts. You can even ask 'what if' questions, leading to better solutions. You know what is happening at any point in time.

FORMS MANAGEMENT MODULE

Gather and locate information with ease with centralised management and storage of job specific electronic documentation. Store JPEGs, pdf files, XL Spreadsheets and email info.

MANAGEMENT REPORTS INSTANTLY AVAILABLE

Informed decisions can be made at any time.

ELIMINATES DUPLICATION

Duplication of operations is eliminated potentially saving hours.

FLEXIBLE PRICING

Prices can be tailored to the size of the business operation.
